SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **August 01 through August 15, 2007**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **August 31, 2007**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Project Description: The goal of the proposed project is to provide a transportation facility that will effectively and efficiently accommodate regional east-west movement of people and goods between and through San Jacinto, Perris, and Corona within western Riverside County. More specifically, the project objectives are to provide a transportation facility that will:

- Provide increased capacity to support the forecast travel demand for the 2035 design year;
- Provide a limited access parkway;
- Provide roadway geometrics to meet State highway design standards;
- Accommodate Surface Transportation Assistance Act (STAA) National Network for oversized truck;
- Provide a parkway that is compatible with a future multimodal transportation system.

Lead Agency: City of Newport Beach
City/County/Subregion: Newport Beach/Orange/Orange County
Contact: James Campbell - (949) 644-3210
Comment Due Date: 8/31/2007

Project Description: The City of Newport Beach is in the process of updating its Local Coastal Program (LCP). Pursuant to the Coastal Act, each local government lying, in whole or in part, within the coastal zone is required to prepare a local coastal program for that portion of the coastal zone within its jurisdiction. After a LCP is adopted local, the LCP must be certified by the California Coastal Commission.

Pursuant to the Coastal Act, the City of Newport Beach seeks to provide maximum opportunities for the participation of the public and all affected governmental agencies in the preparation and certification of the Coastal Land Use Plan.
